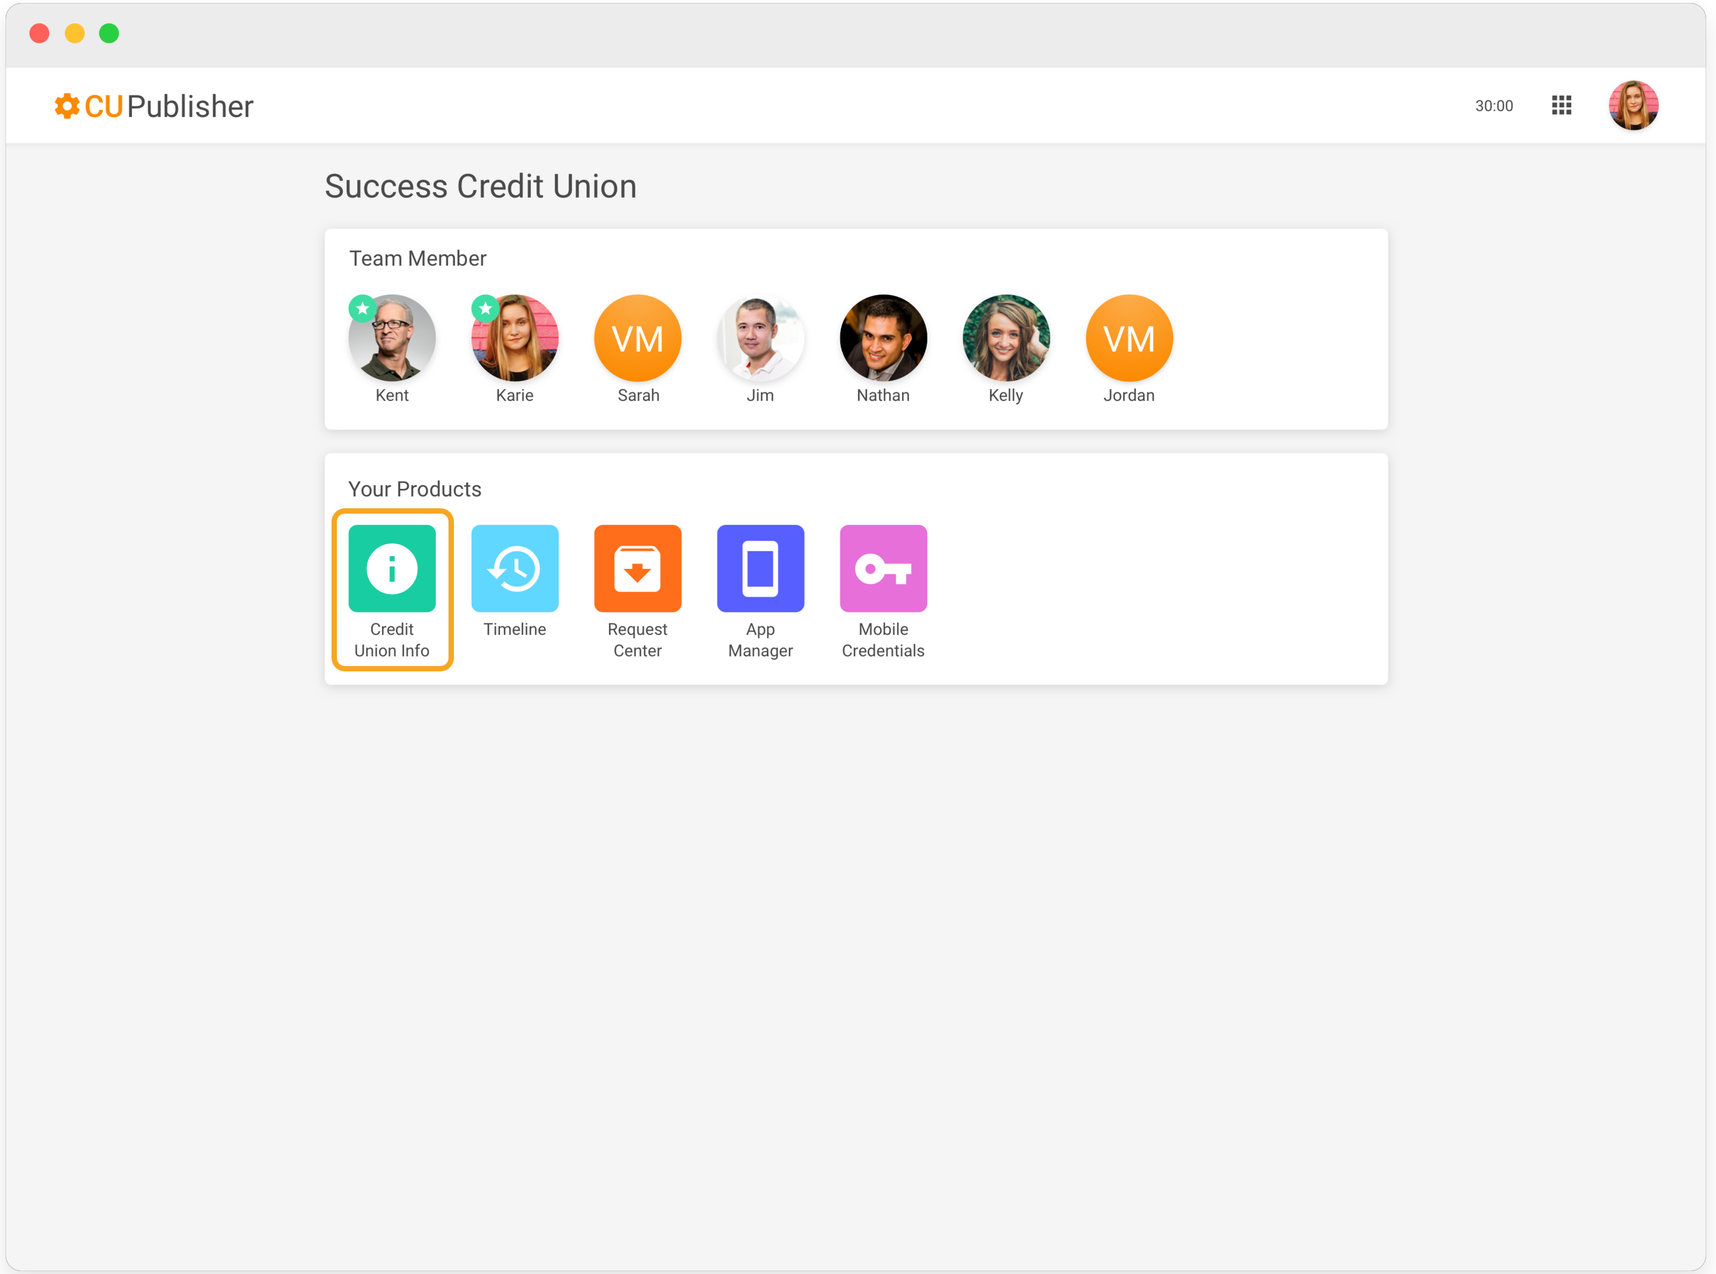
What is “Credit Union Info”

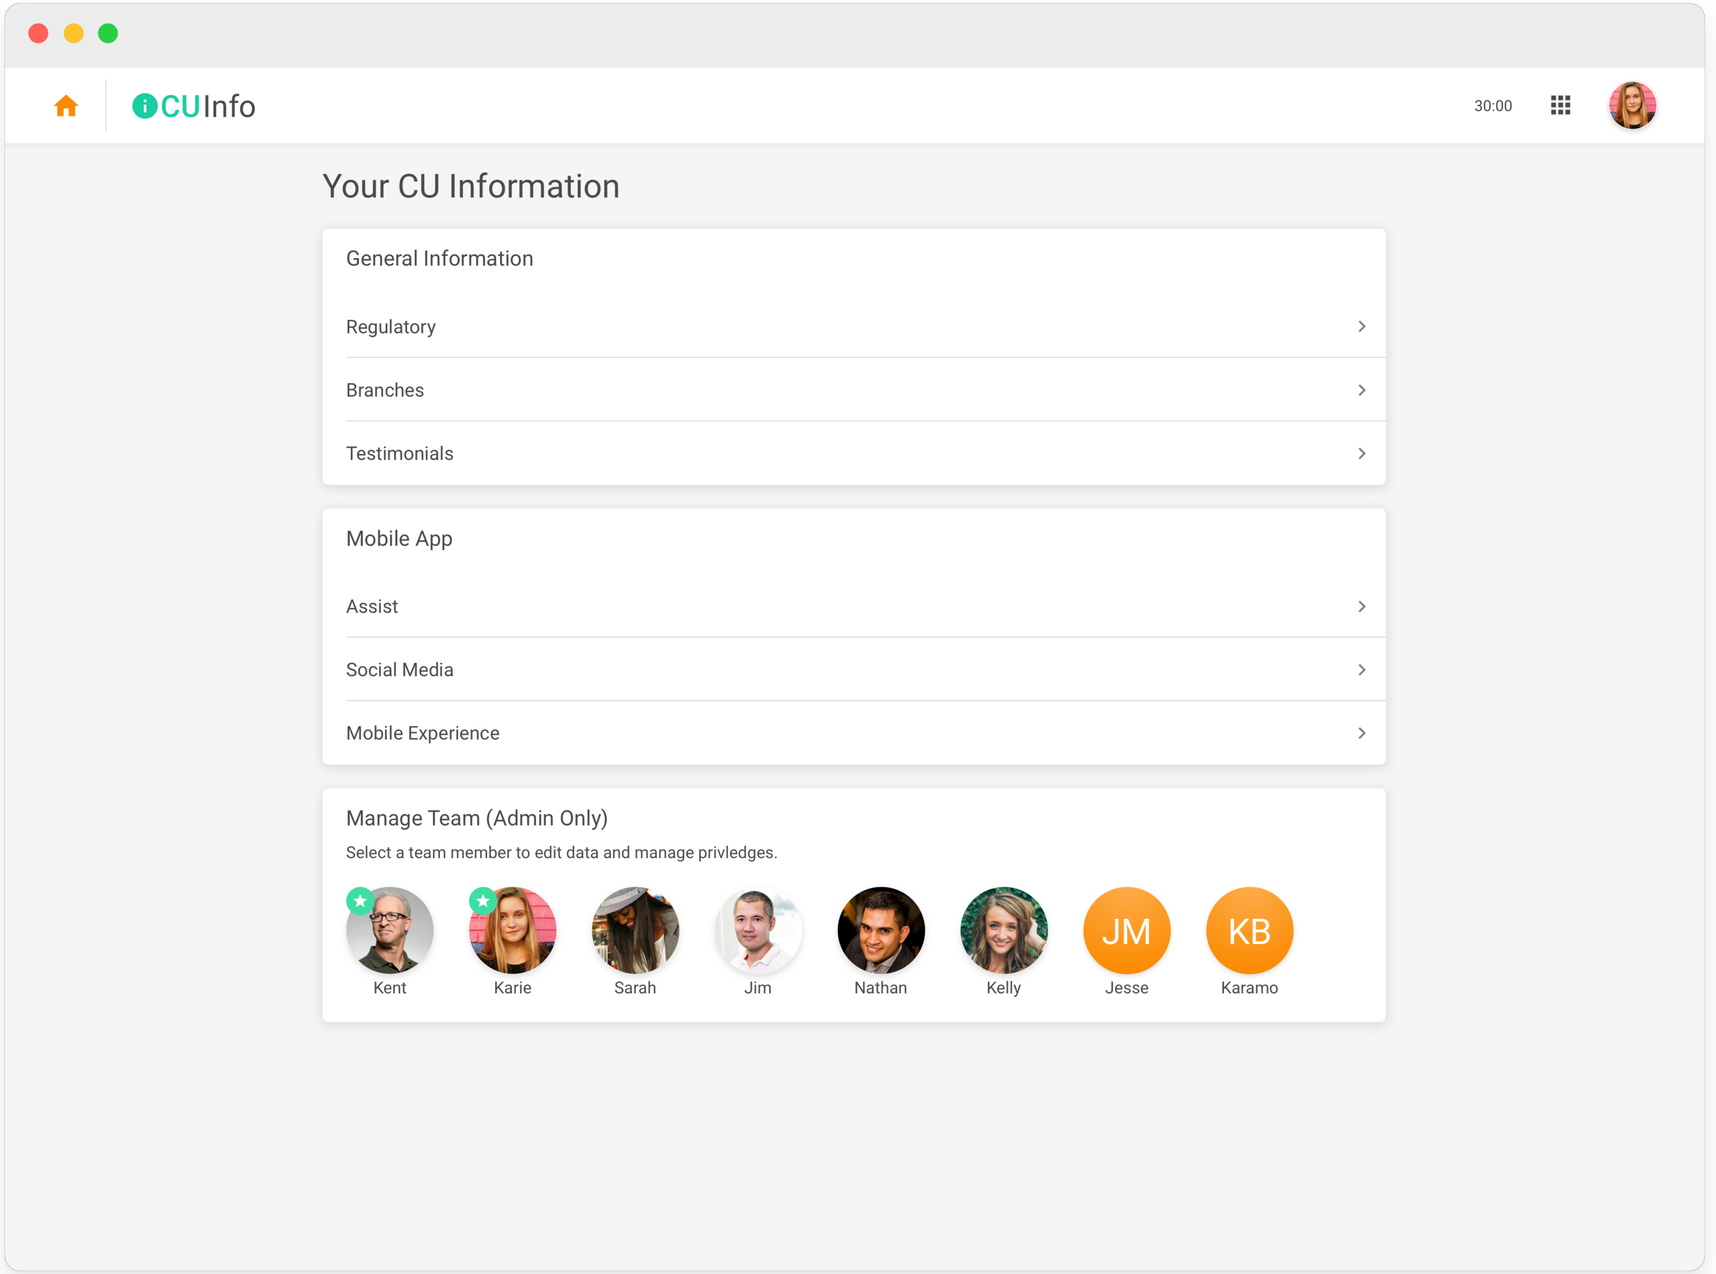
CU Info allows you to dynamically update your credit union information across CU Publisher products like your Membership Opening sites (MAP/MOP), Mobile 3.0 and the upcoming Biz Mobile 1.0.

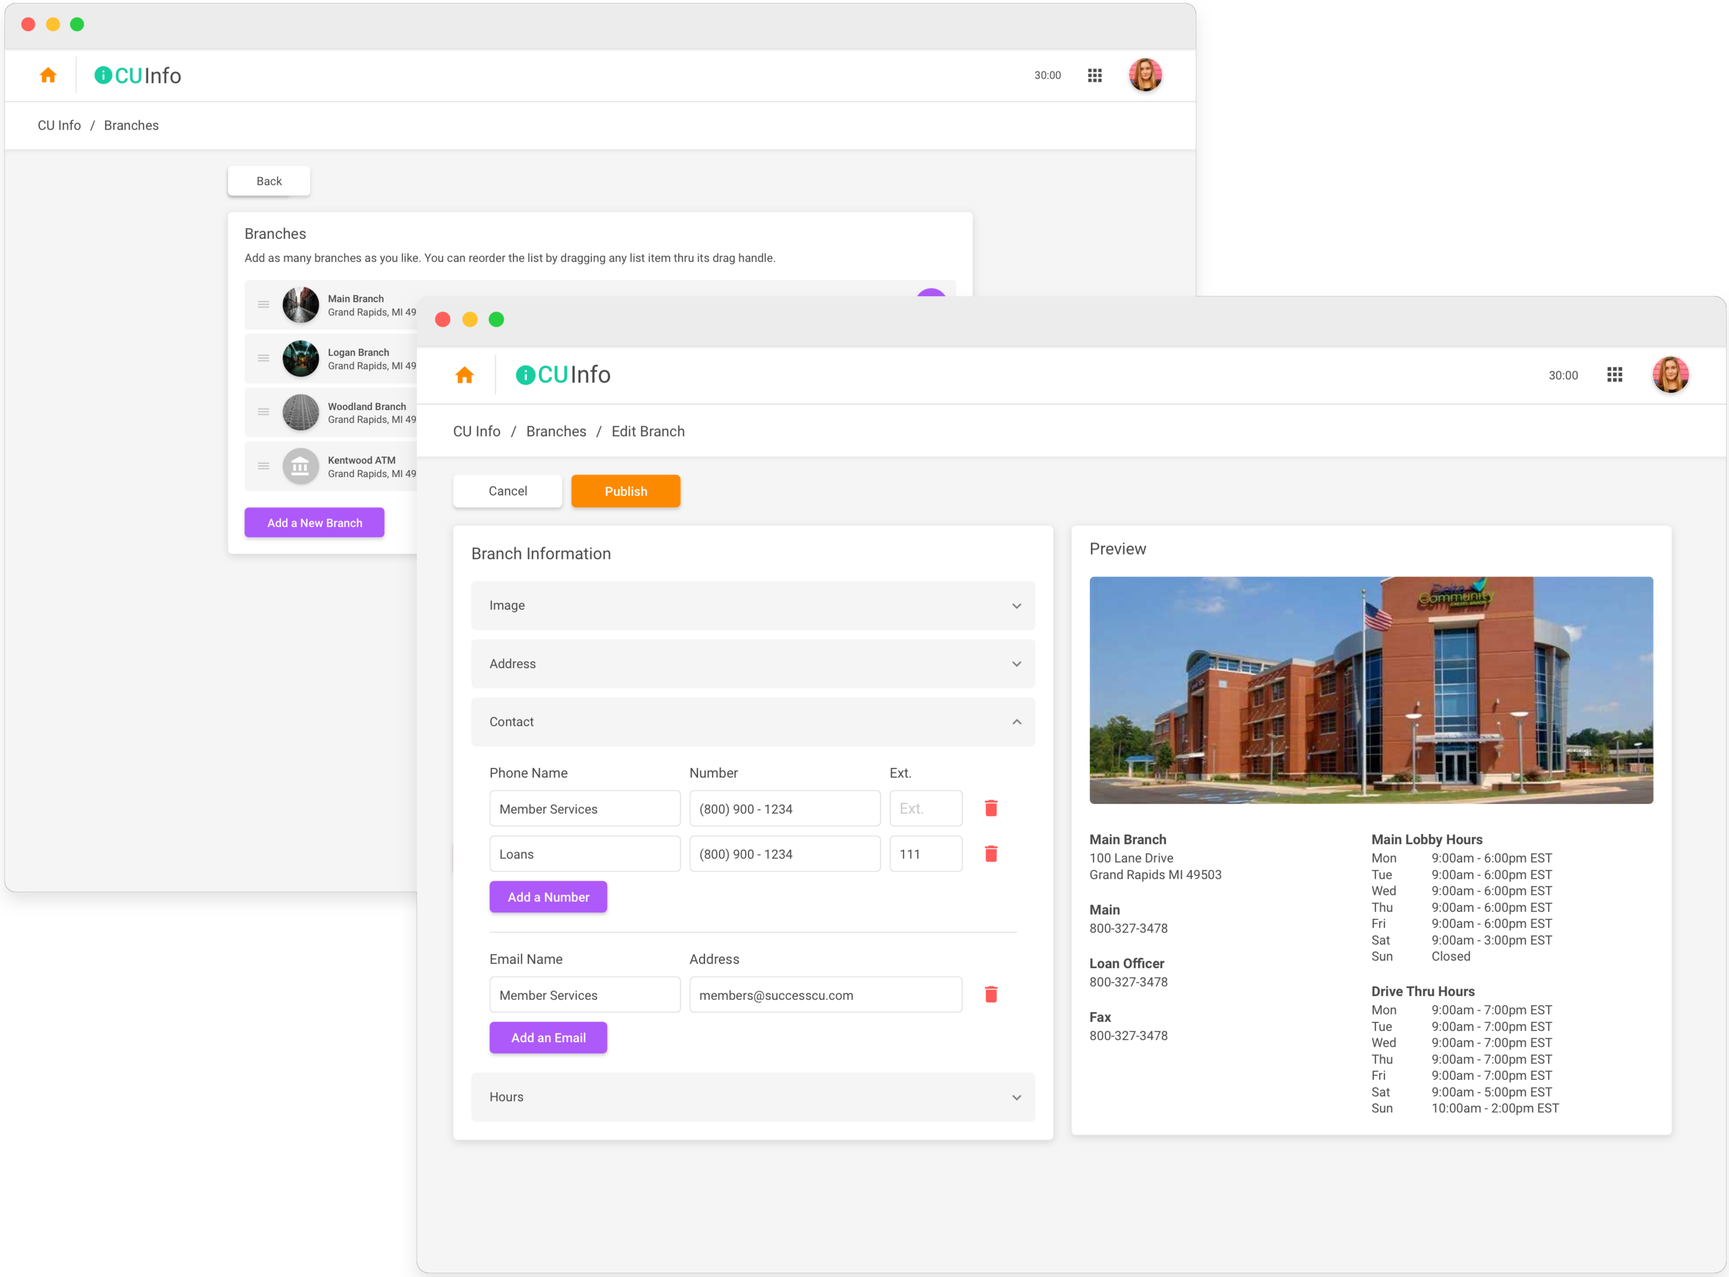


What Info Can I Manage?

In addition to managing the members of your CU Publisher team, you can edit the information in the following categories:

- Regulatory Statuses (ex. NCUA)
- Branch Contact Info and Hours
- Testimonials
- Assist Questions and Answers
- Social Media Links



Editing Information


When you want to make to make a change to your information, navigate to the location you want to edit, make and preview your changes, then click “Update” when you’re done. Anything you change will be instantly live to your mobile apps and associated products… no app update or deployment required!
