Comprehensive Product Overview

An e-Document Strategy for Your Credit Union

Cloud Platform

idoc**VAULT**™

idocVAULT ™ is an entire e-document strategy stored on the web. No in-house installation is required to create a simple user friendly document workflow for your credit union. idocVAULT™ offers everything from back end document archiving to products that give your members quick and efficient access to their credit union documents, statements, and even loan applications anywhere they have a web browser! idocVAULT™ is the premiere ASP solution for your credit union.

eReceipts

eStatements

2020eDOC™

eForms

You can choose to enable your credit union with the entire suite, or purchase a few solutions that fit your specific needs!

CheckLogic™
CheckLogic Lite™
CheckLogic Manager™

eReports

ePackages

Product Descriptions: Cloud

eStatements™

Included in 2020eDOC™ allows statements to be viewed by CU staff from a hosted environment. The system provides mailing lists to those clients without a logged Email address. Email addresses are maintained as part of the

eReports™

eReports lets you move all of your old reports onto a digital workspace and access them anywhere you have a web connection. Take years of reports that have been stored on CD-ROMs or Network Servers and put them into one location for your employees to easily access!

eForms™

Allows your members to sign their forms from a signature pad, and receive a hard copy. The forms are then kept digitally for your safe record keeping.

eReceipts™

Give your members more options when it comes to viewing their receipts. eReceipts allows you to utilize your Intelligent Computing Devices (ICDs) while still maintaining digital records of your members receipts.

2020eDOC™ (Member Portal)

2020eDOC™ is designed to allow all members to access their account documents through the internet. Documents traditionally stored for permanent archive and ablative evidence purposes can now be leveraged as a client service tool.

ePackages™

Create a strategic organization of the documents your members need to complete their loan applications, mortgages, etc. All the required papers can be gathered digitally, anywhere, anytime!

eDOCSignature™

Legally sign any required document digitally via a web browser directly from your e-mail No need to set foot inside the branch, or ship documents in the mail.

In-House Workflow Platform

DocLogic™

DocLogic™ is another suite of solutions which can be established in-house at your credit union. These solutions also help you to manage your e-document strategy. DocLogic™ can bundle your e-document needs into one workflow structure making the retrieval of your archived documents simple, and the maintenance of your records at a minimum. With everything from remote capturing of deposits to digital loan forms, DocLogic™ is a valuable resource for your members too!

2020iDOC™

2020DOC®

2020COLD®

2020iSync™

You can still choose to enable your credit union with the entire suite, or purchase a few solutions that fit your specific needs!

ProDOC Forms & Receipts

ProDOC Packages™

CheckLogic™
CheckLogic Lite™
CheckLogic Manager™

Product Descriptions: In-House

2020iDOC™

2020iDOC™ allows you to locate all of your credit union documents via an intranet. This eliminates the need for access on one computer and gives multiple in-house users the option to view documents stored on your internal network.

2020COLD®

2020COLD® puts your reports in one centralized location. These reports will still look similar to your original paper reports. 2020COLD® also offers an automated searching function which allows for out of balance items to be resolved in seconds.

2020DOC®

With 2020DOC® you are able to view all of your scanned documents located at your credit union. Paper documents, signature cards, loan contracts, etc...can all be stored in a customized database for retrieval.

ProDOC Packages™

ProDOC Packages™ offers an easy way to organize your transaction documents in an electronic 'manila folder' and provides an easy checklist to ensure all documents are included and/or completed prior to delivery or storage.

CheckLogic™

Take charge of your item processing solutions by utilizing eDOC's CheckLogic™ suite. Do your own transactions through the Federal Reserve Bank, allow members to deposit remotely, and be in control of your Check21 solutions.

CheckLogic Lite™

CheckLogic Lite™ is the remote deposit capture solution for credit unions. This allows for members to deposit their checks right from their place of business. No need to even set foot inside the credit union to make a deposit.

CheckLogic Manager™

CheckLogic Manager ™ elegantly manages your inclearing, return and chargeback processing with the Federal Reserve Bank (FRB). Handle inclearings, returns, and chargebacks with this comprehensive software.

About eDOC Innovations

Founded in 1992, eDOC Innovations is the nation's only CUSO (Credit Union Owned Organization) based on e-document management technology. With 20 years of experience, eDOC has emerged as an industry leader in providing imaging solutions that work with the diverse technology requirements of the industry; thus giving the client control of their data, their documents and their strategy.

eDOC Innovations had humble beginnings, starting in a spare office of a credit union. Today, eDOC's solutions and client base have expanded tremendously to serve hundreds of clients across the country in a variety of industries.

With eDOC's high level of expertise in designing and creating document imaging and workflow automation solutions that save time, leverage resources, and exceed industry document regulations, we pride ourselves in innovating products that satisfy our client needs. We offer strategic solutions that are cost effective with a high return on investment. An investment in eDOC technology pays for itself again and again through the valuable solutions we create, which are logically intuitive and easy to use.
