Credit unions across the country are turning to eSign, but why?

"eDocSignature in conjunction with ProDoc Packages gives Ohio Catholic FCU's members the ability to sign loan documents from the convenience of their personal computer any time, day or night...Another exciting innovation from eDoc that is helping Ohio Catholic FCU to create an organization that is both differentiated and distinct."

-Terri Simon, Chief Compliance Officer
Ohio Catholic Credit Union.

eDOC INNOVATIONS

Click. Close. Technology.

Give your members the gift of signing documents from home!

eDOCSignature™ Key Benefits...

Secure
Multi-level authentication. The member will always be signing the right document every time.

Fast
Just click the signature box and sign your document! Creation of the documents is also simple with our "drag and drop" signature boxes. Members can complete their loan documents in minutes.

Easy
Members aren't asked to download software. The only requirement for both credit union and member is a web browser. Members can even eSign from a mobile device such as an iPad!

More members are requesting to eSign, is your credit union participating?
Cut the time it takes to complete a loan in half!

eDOC Innovations™ offers eSignature technology which allows members to simply sign a digital signature box onto their documents right in their web browser. Our technology allows members to eSign their documents securely, keeping your credit union in compliance with ESIGN and UETA regulations. These regulations affirm that these eSignatures are legally binding and backed by a strong and accessible audit trail.
