

20.12 Imaging Solutions Software Release

Beta	Online	In-House
	12/29/20	12/29/20

What is this release?

This release is the 20.12 Imaging Solutions release for online, enhanced online, and in-house release managed clients. Some features do not apply to all three types of clients. Refer to the symbols within the document for details.

How do I get this release?

In-House Managed Clients: Imaging Solutions will be contacting you to schedule the update of your system for this release starting December 29th, 2020.

Have an in-house imaging server, but are not a Release Managed client? Sign up for Release Management today and we will waive the fee for the first year! Other options are also available. Contact Imaging Solutions for details at imaging@cuanswers.com.

Enhanced Online/Online Clients: Imaging Solutions will deploy your release on December 29th, 2020.

If you have any questions, please email us at imaging@cuanswers.com.

Online Banking and CU*Spy Updates

2020 Tax Statements Update

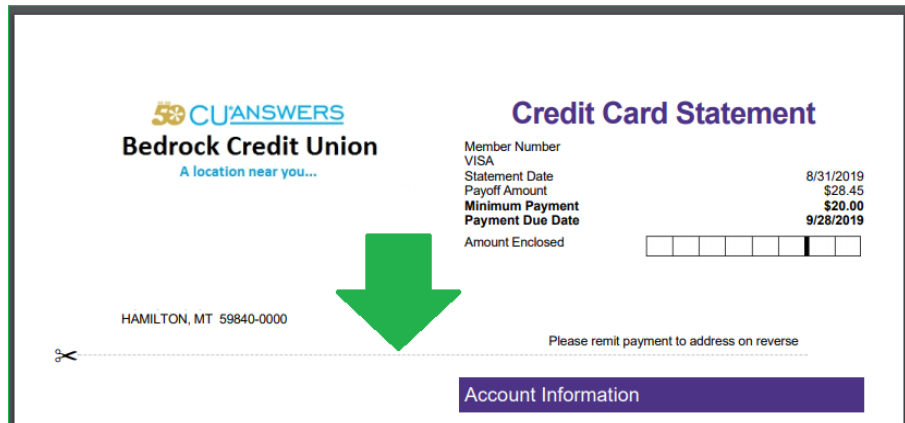

Yearly update to support IRS regulation changes for tax forms. This includes adding the new 1099-NEC tax form.

Teller Receipt Analysis are now displayed in PDF

Now members can easily view their receipt analysis in PDF form. This update is preparing for the upcoming release of the new It's Me 247 and to allow receipt analysis information to members through their mobile device.

Credit Card Statements – Cut out Coupon

We are now following suit with the printed credit card statements by adding the dotted line a crossed the top of the statement. This will allow members to cut the top portion of their credit card statement off and use it as a payment coupon.
