Participant Worksheet

Internet Retailing Innovations

As you hear about MOP and 1Click innovations from the presenters, jot down questions you have, either for the presenters or for CU*Answers.

After listening to the presentations, jot down things your credit union has done related to internet retailing. Did you use a different approach? How did your experience compare to theirs?

Challenge yourself: What are you going to do with what you learned?

Challenge us: What suggestions do you have for what CU*Answers and the network should do related to internet retailing?
