

July 2022 Monthly Recap

The Owner's View Monthly Recap is designed to keep you informed on an ongoing basis of feature improvements, vendor enhancements, and other miscellaneous changes to CU*BASE and our other core software products. This specific Owner's View Monthly Recap covers programming changes implemented during the month of July.

EFT Modifications

- 58877 Correct the limit being placed on APBatch4 maintenance build file for CO-OP.
- 58614 Make a modification to Fiserv AFD transactions to include original amount in USD to the list of key fields for Fiserv foreign currency to avoid false duplicates.

Enhancements

- 57226 Allow CU*BASE risk-based pricing to be used for failed FUEL decisions.

Modifications

- 57869 Improve user messaging when there is a lock on the GLHIST table in **Tool #360: Run GL End of Month/Upload to Analytics Booth** process.
- 57889 Correct the count displayed on the warning message that generates when a BIN is almost full for credit unions using card randomization.
- 58200 Eliminate divide by zero error in Investment Register/Schedule.
- 58229 Remove edits from 5300 Call Report tool that are obsolete due to NCUA changes.
- 58784 Restore the display of the Loan Categories that the report ran for in the header of the **Tool #554: New/Refinance Loan History Report**.
- 58815 Correct the sending of the emboss name for Organizational account types on new and reissued cards for CO-OP and FIS.
- 55319 If a member changes the maximum number of transfers for an AFT record in Online Banking then the "number of transfers cycles made" needs to be cleared to zero.

- 56747 Corrected **Tool #1772** to not default to item #00001 when creating new subsidiaries, causing them to not be saved.
- 58583 Eliminated Verify ID error in Master.
- 59271 Corrected Invalid ZIP code being sent in the Repay file.
- 59249 Update to display card status correctly when adding new 8-digit credit card BIN.

Warranty Modification/Adjustment

- 58058 When clearing an in-house draft in Xpress Teller for a member of an Xtend Shared Branch credit union and there is insufficient funds, the program should use ODP coverage before negative balance limit.
