### Table of Contents

EFT Usage .... Unused Cards Last Month- Understand the context on what is a normal pattern of usage for your membership's utilization of their plastics. Check it every month to track an old BIN's rate of conversions from active to closed as you transfer expiring cards to the new BIN.

### Why Your Members Call TOP PICK Go beyond the idea of 'We Answer the Phone' and starting thinking 'We Service Our Members Through Another

Channel - the Phone. What's different about the members that call your credit union, and why do they call you?"

180 Day Portfolio Movement ...... Calculating <sup>1</sup>80 day balance changes has never been easter with the Analysis Booth Portfolio Analysis dashboards. Outchly calculate balance changes at the product level on your shares, loans, and centificates.

### Membership Retention by Year Opened

Evaluze: "classes" of memberships grouped by the year they opened their membership to discover retention rates over time – Tyear later, 2 years later, 3 years later, then dig deeper into the common bonds between any class or all active memberships

### Where Your Members Shop (Gamers) .....

Have a lode fun with analysis and soudy your Gamers - the people who use their credit union account to pay Xbox, PlayStation, Steam, or Twitch subscriptions.See how much sponding power they have, just how many of your eServices they use, and more

### Teller Analysis Time of Day TOP PICK ....

Teller line activity and volumes are popular topics and hold valuable operational insights – Dig into the hourly stars either in aggregate, by day, or per branch and learn arowers to questions such as – What is the peak hour of members served? Is teller work consistently weighted toward certain periods of the day? just one, or multiple periods?

#### Skip a Pay Review .....

Analyze deeply the number of payments skipped on loans at your credit union this year, and just how much money your credit union earned through these skipped payments.

#### Trends on PFI Indicators.... ..13 Track historical trends on a few of the features or services that are often seen as indicators that your credit union is your member's primary financial institution

Analytics Booth Peer Comparison .. ... 14 Benchmark your operational trends to that of your peers! Use Analytics Booth to build custom peer groups within the CU\*Asterisk network for mending and operational comparison. How do you stack up to your peers

### Losing the Love .....

Gain answers to the following questions: Are there members on the verge of leaving your credit union? How did the members who have already left warn you that they were leaving?

### Membership Churn.

Dig into the details and common characteristics of both the memberships joining you and leaving you. Use the information to work on attracting more of the people proven to be most interested in your credit union. Or focus on stamming the outgoing flow once you know more about the type of member who moves on.

### Revolutionize Your Operations TOP PICK ...

What data or operational insights would change the way you do business? Are you constantly waiting for tornorrow's technical enhancements telling yourself that you'll engage with your data when it's easier, automated, or after then next great enhancement? Stop the hamster wheel, turn "Some Day" into today; you're doser then you think!

#### How Your Members Transact..

Ever wonder how your members like to spend money with your credit union? Analyze the different channels of spandir and see if your credit union is viewed as more of an in-branch transactor, or if your members prefer self-services over working with your tallers.

#### Where Your Members Branch .....

Gather the numbers and dig into the details on the flow of member (and non-member shared branching) visits to your branches. Answer the questions - How many branch visits are for loan payments? Are branch visitors generally net savers or net borrowers? And more!

### Year over Year Fee Income ......

... 10

11

12

... 15

Monitory our monthly fees and service charge income, manage your defined fee waivers, and compare income across periods to ensure your fee programs are performing as dealed. Track your total apportunity, waivers, and fees assessed to maximize efficiency and oppinitize results.

#### Credit Score History Analysis.....

As a stand-alone idea, or part of a deeper study into loan acquisition - Make sure to study credit pulls. How many credit pulls have you performed year-to-date? is that on-par with how many you'd performed up to the same date last

#### Christmas Clubs in Review .....

Know which generation is most likely to be attracted to your Christmas Club product and discover when you'll see the highest interest organically (hint - also the best time to promote the product?). How much are they saving month-to-month, and is there is opportunity to get these savers engaged with a checking account as well?

### Fee Refunds History by Employee TOPPICK ....

Employee - Track fee refunds per month and learn answers to questions like - What employee is processing the most fee refunds? The fewest? What kind of members are we typically refunding fees for?

### Lending Opportunity Scorecard .....

See your loan portfolio in a whole new light' Review borrowers credit scores and tenure, compare loan product penetration, member income, and average demographics. Use this data to locate actionable opportunities, generate marketing campaigns, and increase member engagement!

### Products and Services Per Member..

Do you consider your new members to be engaged? Gain insight into the level of participation and time it take your new members to engage in products and services at the credit union.

### 180 Day Portfolio Movement

Each day I take a few moments and dive into a credit union's data to see if I can find any operational trends or Insights to share. Today I decided to review your loan and share portfolio balances using Analytics Booth. The chart below details 180 day balance changes for both your loan and share portfolios.

PROVE IT 2020

CUANSWERS

As we can see both Shares and Loan balances have increased over the past 180 days, 3.3% and 1.6% respectively which is great - but the recent declining trend in your loan balance caught my eye. I decided to dig a bit deeper and see if this is an annual trend we see each year or if I could locate any insights from the data.

First I generated this same graphic for the period of Jan 2018 - March 2018 to see if we see the same declining balances in Q1. This proved not to be the case, last year we saw 8.8% growth in Q1 so it did not appear to be an annual trend to me.

As a final step, I used the Analytics Booth Loan Portfolio Dashboard to calculate 90 day balance changes in of your specific Loan Categories. We can see in total the 90 day balance change has been \$509.818 with over half of the change being a declining in Used Auto Loans with notable balance changes in Personal Loans and Low Rate -Prime + 3.9% as well. Of course there is growth as well - Your Second Montgage product and indirect lending new and used products have all seen notable growth.

2

# Arming stakeholders with the power of data

FROM CEO SCHOOL TO OUR ENTIRE NETWORK, AND NOW TO YOUR BOARD AND YOUR VENDORS

# YOU AND YOUR BOARD ARE INVITED TO AN ANALYTICS BOOTH OPEN HOUSE

*Focus:* Encouraging your allies to ask you for permission to engage your data via Analytics Booth, to enhance their interactions

## May 19 (Tuesday), 5:30-7:30pm

- At CU\*Answers, 28<sup>th</sup> St. in Grand Rapids
- Refreshments served

# YOU AND YOUR BOARD ARE INVITED TO THE 1<sup>ST</sup> ANNUAL CREDIT UNION BOARD OF DIRECTORS DAY

*Focus:* Developing online tools for data conscious board members to interact with Analytics Booth as the ultimate tool for engaging volunteers

## Choose one: May 14 (Thursday), 1:00-4:00pm May 16 (Saturday), 10:00am-2:00pm

- Saturday event is same as Thursday except with lunch provided
- Maximum of 2 people per CU (any combination of CU professionals and/or board members)

# **Analytics Booth** Training for **Board Members**

Go digital with board access to data via the safe, web-based solution, Analytics Booth! Review product olio performance, member engagement metrics, and financial data anywhere at any time

#### ANALYTICS BOOTH BOARD BRIEFING THE EXPERIENCE

Some of the most important contributions your board can make is asking the right questions, and challenging the status quo. Are you giving your board the information they need to think critically about your credit union?

Asterisk Intelligence will sit down with you and your board to explain the architecture of Analytics Booth, educate on features, functionality, and best practices; as well as how to access Analytics Booth from anywhere they have an internet connection.

### Topics covered are customizable and can include:

- How to set up daily or custom email alerts
- How to create and review a graph to understand its story How to create notes for personal reference, or for
- others to see

How to dive deeper on a data point with features like data visualization, operational trend lines, change over days, and more.

. How to navigate the tools with easy filter options \* How to customize views and graphing capabilities

How to export a data set or graph and morel

Every attendee will receive the Asterisk Intelligence flip/educational cards that will help coach board members on how to find and

# UDM and CDM: Think bigger than a user-defined field

## WHAT WILL YOU DO WHEN YOUR DATABASE ADMINISTRATORS BECOME DATA DESIGNERS?

- Have you really considered what it means for your credit union to create unlimited data as part of CU\*BASE?
  - You create the data points, you create the process to collect the data, and you design the ways to use the data – all without a programmer or external designer

| ⊁ Session 0 CU*BA                                  | SE GOLD - FRANKENMUTH CREDIT UNION   |       |                                  |             |    |    |    |    | G  |

# A new acronym CDM: Custom Data Markers

## AN UNDERESTIMATED CAPABILITY, ABOUT TO GRAB SOME ATTENTION IN 2020

- Before data can be valuable, there must be data markers that you can recognize to delineate how records are the same, different, or unique
  - It's your personalized ability to analyze data

## **Static Pool Analysis Phase 2**

You can see the pool, and it's a cool spreadsheet...but can you see what else to do?

CEOs and CFOs need to sit down and think about what they can DO with these tables, besides just look at them

| Pool Composition           |    | 2013 Po       | loo                  | Decembe      | 2018      | Chan          | ge     | Percent (             | Change | Explanation                            |  |  |
|----------------------------|----|---------------|----------------------|--------------|-----------|---------------|--------|-----------------------|--------|--|--|--|
| Pool Total Loan Count      |    | 10,92         | 6                    | 10,92        | 10,926    |               |        |                       |        |  |  |  |

# A project in search of enthusiasts

## ACTING ON THE HINTS FROM FRAUD DATA

- If you want to change the dynamic when it comes to mitigating fraud, you need to be ready to change the transaction, live and in real time
- For us to do that, we need some new tools, and that starts with data
- We have 2 major projects in 2020:
  - Convince you to build a fraud incident database
  - Design our block list toolkit

# Block Lists: something we can do, when many can't

## TRACK ALONG IN THE KITCHEN, AND DRIVE THESE PROJECTS

## Project A: Gathering Fraud Data from the Network

 New with 19.05: Tool #1715 Fraud Incident Maintenance and Tool #1710 Fraud Incident Dashboard

## Projects B & C: Block Lists

In development now, targeted for 20.05

## Project D: Monitoring for Patterns of Fraud

- Enhancing the Abnormal Activity Monitoring toolkit to watch for "velocity" patterns, such as a dramatic increase in the volume or amount of transactions, heavy activity following a period of inactivity, etc.
- Spec work underway; in development by Jan

Project E: Interactive Denial-of-Service Blocks

will be blunt instruments, in the sense that we'll be able to look for a SSN/ IIN in the list and stop a member from accessing a particular product or type of activity altogether. This project will build the infrastructure to allow credit unions to enter the accounts and

→ Fraud-related

WHAT CREDIT UNION CEOS SHOULD KNOW ABOUT ....

# **Business Memberships**

Leading the way towards a new collaborative competency

# A new approach to an on-again, off-again strategy

## MORE THAN TOOLS, OUR NETWORK NEEDS A SUPPORT COMMUNITY FOR CU BUSINESS DEPARTMENTS

## The BizLink Advisory Board:

- Element FCU
- Frankenmuth CU
- Honor CU
- HPC Credit Union
- Notre Dame FCU
- River Valley CU
- Sentinel FCU
- TBA Credit Union
- Unison Credit Union

contact the Bizlink Team of

\*CUANSWERS Management Service

# Yep, another advisory board

BECAUSE IF WE WANT TO BUILD A BUSINESS AROUND BUSINESS MEMBERS, WE NEED CEOS TO ROUND OUT THE PICTURE If we are to be successful, the BizLink team will have to balance native solutions, integrated solutions, and referenced solutions more than ever before

## Pete Winninger

 Leading from the Lender\*VP perspective to drive lending solutions for business members

 Combining the power of Earnings Edge and Asterisk Intelligence to make sure business services meet diverse needs

## Charlie Dean

 The ultimate networker, building a knowledge base and connection to the marketplace solutions that credit unions need for their business member strategies

# We are community xxx,xxx business members strong

## BUT SOMETIMES WE DON'T AGREE ON HOW TO COUNT, HOW TO TALK, OR HOW TO DESCRIBE OUR BUSINESS COMMUNITIES

To base share (suffix -000 with par) or not to base share...that is the question

| Session 0 CU*BASE GOLD - Configure Membership Designations   | ē      |
|--|--------|
| Code CO  | CHANGE |
| Membership designation Corporation   |        |
| Used for membership type(s) 🔲 Individual (MI) 🗹 Organization (MO)  |        |
| Label for: Primary name Corporation  |        |
| Joint owner name Reg. Agent Eliminate account access via Teller "Currently Serving"  |        |
| Misc owner name Benef Owner Serving"   |        |
| DBA name DBA Print DBA name on correspondence  |        |
| Exempt from Reg E opt in/out requirements     In Hide 000 base share account in all channels     Online banking system to use     Standard     Business  |        |
| <i>i</i> If checked, members of this type are not required to use the 000 account for par value and it will not be visible in any channel for employees or members, unless the balance is other than \$0.00. |        |
| Procedures   |        |
| $\leftrightarrow \rightarrow \uparrow \parallel                                 $  | (6731) |

- For years, Fox Communities CU used this for their business members who struggled with the need for a savings account for par
- It appears Ohio has made it official, and Pathways will champion some additional changes where no base share is required and you simply collect the par as a membership fee

# Drilling down on the BizLink Advisory Board's Top 5 for 2020

### A CONSENSUS ON THE NOMENCLATURE IS GOAL #1

### It's My Biz 247 Tiers

- Internet solutions that fit many business member audiences
- Positive Pay
  - The "A" model send us your check register
  - The "B" model we'll send you check clearings to approve

### Corporate Credit Card Program

- What are the top 10 attributes CUs will offer?
- Sweep Programs
  - Will we ever agree on what constitutes a sweep program?
- ACH Services
  - CU services vs. consumer ACH vs. business ACH

CU\*Answers has formed an advisory board made up of 9 credit unions in the network. The BizUnk advisory board is comprised of credit unions who are interested in expanding their business member programs.

The current advisory board consists of the following credit unions:

- Element Federal Credit Union
- Frankenmuth Credit Union
- Honor Credit Union
- HPC Credit Union
- Notre Dame Federal Credit Union
- River Valley Credit Union
- Sentinel Federal Credit Union
- TBA Credit Union
- Unison Credit Union

The first advisory board meeting was held at CU\*Answers on 10/15/2019 to discuss current solutions and future additions that will benefit the not only the board credit unions but all credit unions across the network.

#### The top five items for 2020 were identified as:

- Positive Pary
- Sweep Accounts
- ACH services
- Corporate Credit Card Program
- ItsMyBiz tiers

cuanswers.com/solutions/bizlink

The Bizlink learn and the advisory board will be meeting quarterly to continue discuss and take a unified approach to expand or begin offering those items in 2020.

#### An Honor Credit Union DHD Project

# Deciding on a menu of services to fit each business profile

### CLEAR AS MUD...AN EVOLVING SOLUTION FOR AN EVOLVING COMMUNITY

### 2 separate software platforms

- The key distinction is that one is single login authentication, the other is multi-login authentication (PIB-MLO)
- We're modifying both the It's Me 247 platform and the current It's My Biz 247 platform
  - Changes will result in 4 different products that can be branded for member audiences
- In the end, there will be multiple feature variations, developed over time
  - The earliest versions will use bill pay variations, RDC variations, and Virtual Strongbox variations to create the product mix

 For example: At the Advisory Board meeting it was determined that AutoBooks was actually a small business product, and not best suited for the Expert product

## Internet retailing is the aggregate of audience-designed solutions

# Deciding on a menu of services to fit each business profile

#### CLEAR AS MUD...AN EVOLVING SOLUTION FOR AN EVOLVING COMMUNITY

### Desktop Banking

- In 2020, both It's Me 247 and It's My Biz 247 will move to a "mobile first" look and feel
- We'll discuss this more in the MTG discussions, but the look and feel will track along with the new mobile tablet template
- By early 2021 we anticipate the desktop and mobile UIs will merge into a very consistent template

### Mobile Web and Mobile Apps

- We will complete the It's My Biz 247 mobile web beta and have all CUs on the new look-and-feel navigation by Q2 2020
- We will complete the vision for Mobile 5.0 in Q1 2020 and use that as the unifying vision for a new It's Me 247 mobile web version by year-end 2020

Early in 2021 the look and feel of our internet channel solutions will be reset and ready for the next decade

#### MEDICAL CANNABIS BANKING SERVICES IN WEST VIRGINIA

Element FCU will provide a deposit and disbursement account for the state treasurer's office, allowing the state of West Virginia to bank the state's medical cannabis program

- What is the difference between presenting yourself to a prospective retail member and answering an RFP for a prospective business member?
- What have you experienced in trying to deal with a member in the government sector?
- How do you anticipate working with your new member when it comes to change?
- How are you dealing with the expectation gap between services that sound sophisticated but end up being pretty basic?

## **Corporate Credit Cards**

#### WHAT ARE THE TOP 10 ATTRIBUTES CUS WILL OFFER?

- The BizLink team and Advisory Board are calling on CUs to help them identify the top 10 attributes needed for a CU\*BASE solution
- The SettleMINT team and BizLink are partnering to get their ideas to the spec team by 3/31/2020
- We hope to have a project spec and announcement on our direction by next year's Leadership Conference
- Whenever we need to modify statements, we anticipate a robust project

This is the first time we might recommend native credit card servicing via CU\*BASE combined with a third-party vendor program for credit card businesses

## Will we ever agree on what constitutes a sweep program?

#### SQUARE PEGS AND ROUND HOLES...WE NEED A 2-WAY, INDEPENDENT TRANSFER PROCESS

- We have the transactions
- What we haven't done is to coordinate a process to work together:
  - A withdrawal and deposit in the morning, with a corresponding opposite withdrawal deposit in the evening
  - Timed to benefit the member as to maximizing their dividends or interest on funds
- There are rules that determine transfer amount, minimum balance left in the account, etc.
  - Configured by the CU and sometimes the member

#### Select AFT Transfer Type

| Transfer FROM account | 4355 - 000 | ALICE A MEMBER | REGULAR SAVINGS |
|-----------------------|------------|----------------|-----------------|
| Transfer TO account   | 4355 - 900 | ALICE A MEMBER | MC CLASSIC      |

Transfer type:

● Sweep the entire available balance from REGULAR SAVINGS to ALICE A MEMBER every time.

# Pretty old school approach, but not every old dog can be trained to do it the CU way

WHAT CREDIT UNION CEOS SHOULD KNOW ABOUT...

# ACH

Thinking about everything "payments"

What should a CEO know about ACH in 2020?

TO DATE, ACH HAS BEEN A BACK-OFFICE FUNCTION, WITH ALMOST NO DISCUSSION AMONG CEOS

WHAT DO YOU THINK YOU'LL SAY ABOUT IT IN THE FUTURE TO DIFFERENTIATE YOURSELF? Where is classical ACH settlement going through the core?

Where is ACH becoming a more out-front solution for retail consumers? For business members?

What happens when you merge ACH with other settlement networks?

Is it something you just have to do, or something at which you can excel?

## **Classical ACH settlement through the core**

### IT'S A RACE TO REAL-TIME, BUT HAVE YOU THOUGHT ABOUT HOW YOU WOULD USE THAT?

### What would you tell a member about these?

- 1<sup>st</sup> Run (5:00am ET) "On my way to work"

OUR BEST CHANCE TO LEAP FORWARD IN 2020: THINK EDOC AND THE INTEGRATIONS WE'VE BUILT

#### EVERYONE KNOWS THE POTENTIAL; WE JUST NEED TO GET STARTED WITH THE RIGHT PRIORITIES

How far will you take your tactics related to ACH and payments with your members in the next few years?

CUs tell us they want research, but they don't tell us what they'll do with it

### HOW DOES A CEO KNOW WHEN THEY HAVE A HOLE IN THEIR ROSTER OF ACH SOLUTIONS?

### FCU Services for Retail Members

- Classic ACH transactions
  - Received from the Fed and processed by CU\*Answers Operations
- A2A and A2AFT (recurring)
- Bill Pay (when sent via ACH)

### FCU Services for Business Members

- AutoBooks
- Classic ACH transactions, including for employee payroll
  - Received from the Fed and processed by CU\*Answers Operations
- A2A and A2AFT (recurring)
- Business Bill Payment (powered by iPay)
  - Payroll and bill pay via ACH

Why does FCU feel like they have all the ACH solutions they need, and so many other CUs feel they don't have any?

## Speaking of A2A...

#### RUNS THE GAMUT FROM "KEEPIN' UP WITH THE JONESES" TO A REAL SOLUTION

| Month/Year   | # of CUs | # of A2A<br>Trans | Avg #<br>of Trans |  |
|--------------|----------|-------------------|-------------------|--|
| April 2019   | 112      | 34,412            | 307               |  |

Do we need to be a better business network to hook people up? Do we need to improve the UI experience? Or do we need to write native solutions? What happens when you merge ACH with other settlement networks?

ALMOST EVERY VENDOR TODAY PROMISES A LINK TO THE MOST POPULAR OUTLETS From a recent vendor proposal:

- The most extensive and flexible Payment distribution capabilities on one platform
- Powered by today's most common settlement vendors (e.g., Mastercard RPPS, ACH, Direct to Biller)
- Settling via the debit card rail
- Mastercard Bill Pay Exchange (BPX) for real-time bill payments
- Moving money on the vendor's network
- New networks can easily be added (e.g., shared branching) in the future

What happens when you merge ACH with other settlement networks?

ALMOST EVERY VENDOR TODAY PROMISES A LINK TO THE MOST POPULAR OUTLETS

### WILL RTP BE A REQUIREMENT?

In a fractured market, how long can we be a buyer's club for payments?

BEING VENDOR AGNOSTIC IS GETTING EASIER TO ENVISION FOR CREDIT UNIONS, BUT STILL VERY TOUGH FOR THE MODEL VENDORS OFFER THE CUSO iPay
Payveris
Fiserv (previously CheckFree)
Payrailz
RDC

Is it time to move towards an EFT model?

What would that mean to your credit union?

# A new foundation for CU payment vendor strategies

#### JOIN A COMMUNITY, SURF A COMMUNITY, OR COMPETE WITH A COMMUNITY

#### ATTENTION ONLINE AND SELF-PROCESSING CREDIT UNIONS

## Mark Your Calendars: Bill pay is changing on November 10, and every credit union needs to be ready!

We have completely revamped the bill pay and P2P configuration infrastructure, allowing credit unions to support any combination of multiple bill pay and/or P2P vendors for members. CUs can now move to a bill pay solution for new enrollees, while also giving existing bill pay members more time to migrate. One bill pay and one P2P vendor remain as the primary solution for new enrollees, but members using a secondary vendor can stay with that vendor until they opt to un-enroll.

Even if you don't plan to use multiple bill pay vendors, these changes will affect EVERYONE who uses bill pay. While we anticipate the process to be smooth, a structural change as significant as this means all hands on deck. Make sure your MSRs and bill pay experts are ready to field calls from members and pass along any issues to us, throughout that entire week especially.

For full details on this enhancement, refer to the <u>19.10 Release Summary</u>.

To our self-processors: this is the same date on which you will be receiving the rest of the 19.10 release.

# A new foundation for CU payment vendor strategies

#### JOIN A COMMUNITY, SURF A COMMUNITY, OR COMPETE WITH A COMMUNITY

## Multi-vendor Bill Pay Support Allows for Separate Member Fees for Bill Pay and P2P

Learn more: online help

This enhancement will be implemented on November 10<sup>th</sup> for all online and self processing credit unions.

With this project, we have completely revamped the bill pay and P2P configuration infrastructure to allow for credit unions to support any combination of multiple bill pay and/or P2P vendors for their members. Thinking of switching to the native iPay or Payveris options? Planning a merger? You can now move to a bill pay solution for new enrollees, while at the same time giving your existing bill pay members more time to migrate. This will have benefits for credit unions who are just converting to CU\*BASE as well. You'll still need to choose one bill pay vendor and one P2P vendor as primary. New enrollments can be

HEADS UP! Even if you are not using two vendors for your bill pay/P2P solutions, all credit unions should take note. The architectural changes will be implemented on November 10<sup>th</sup> and will impact all credit unions using any bill pay or P2P solution. As an one need close eye on all billy following the Live Nov. irregula

Person Person Payments

done only to your primary vendor, but members who are using one of your secondary vendors can until they un-enroll.

The new infrastructure also follows up changes made in the 19.05 release that allowed credit unions to begin offering Payveris P2P even if they were using a different provider for bill pay services. (Go to the SettleMINT EFT section of the CU\*Answer store at <u>store.cuanswers.com/product/person-2-person-payments</u> if you're interested in learning more about this new option!) With the enhancements in this latest release, credit unions who are using different vendors for bill pay and person-to-person transfers can now charge different member fees for each service.

The tools you use to set up bill pay and P2P member fees and marketing content that members see when enrolling in either service have changed:

- Tool #1955 Bill Pay Marketing Msg and Fees Config
- Tool #1956 P2P Marketing Msg and Fees Config

The next time member fees are posted after November 10<sup>th</sup> the syste differentiate between bill pay and P2P transaction activity when asse using Payveris P2P but use a bill pay vendor *other* than Payveris, the same as now we will be creating a generic service arge c amount of \$0. If you want to start charging #1956 to adjust the configuration for that coradditional codes for relationship pricing for some important tips on how new codes NOW!

## Payment networks versus payment tools

When is the community or branded network more (or less) important than the capabilities of a transaction?

# RDC payments may be an ace in the hole for our network

#### WORKING WITH EDOC, WE PLAN TO MAKE NATIVE RDC PAYMENT TRANSACTIONS

- Are you ready to advertise to your members the ability to make loan payments via RDC?
- Have you worked with your accounting team on the processes, should an RDC loan payment bounce?
- Can you envision RDC as the wholesale replacement for all check deposits (like replacing ATM deposits)?

#### Members Can Use Remote Deposit Capture to Pay Loan Payments and More!

Learn more: Mobile App Banking and online help

Soon your members will be able to make loan payments directly into their loan account by posting a check via our Remote Deposit Capture (RDC) feature in It's Me 247 mobile app!

With this release new controls are being added to support the RDC mobile app being able to present all (configured) savings, checking and loan accounts for RDC deposits. This means all appropriate sub-accounts will be presented for the RDC deposit, not just the checking account the member selected at enrollment. At deposit time members will use the existing drop-down menu to indicate into which account they would like to place the funds.

> IMPORTANT: Only the new CU\*BASE product configuration controls will be implemented with the release; activation of these via an update to the mobile app is being done separately. Watch for announcements coming soon on about when the mobile app upgrade will be available for members to download.

Controls that determine which savings, checking and loan products allow deposits are available via Tool #777 Savings/Checking Products Configuration (via the ARU/Online Bank button) and Tool #458 Loan Category Configuration (via the Audio/Online Banking button). New controls will be turned on for all savings and checking Dividend Applications, but will be set to off for all loan products. (Note: Because of their unique payment attributes, 360-day mortgage loans cannot be configured to accept RDC deposits at this time.)

Configs are live with 19.10; watch for announcements on the mobile app upgrades that will use them

WHAT CREDIT UNION CEOS SHOULD KNOW ABOUT ....

# Mobile & Desktop Internet Solutions

Preparing for a new day, from top to bottom

# We're going to something different today...

A CEO-TO-CEO BRAINSTORMING SESSION ON THE MOBILE TECHNOLOGIES GROUP

We're going to include the business developers of MTG

We're going to make some high-level announcements and set up a deeper dive on Thursday morning, and announce an in-the-weeds special event in February

### 78

#### Introducing the MTG

#### IT STARTS WITH A SPECIALIZED BUSINESS DEVELOPMENT TEAM

- Like our data initiative with Asterisk Intelligence, the production of mobile apps and the business design to market, support, and evolve them, requires a distinct and separate approach
- Ken and Kristian have proven themselves as specialists in this area
- They're now fast-tracking as business developers, alongside their technical capabilities, to help us make MTG more than just a brand among brands

As much as the products we develop in 2020, CUs will recognize a new approach to customization, integration, and independent solutions from our CU\*BASE and It's Me 247 suites

BECAUSE WE'RE PREPARING FOR A NEW DAY, FROM TOP TO BOTTOM

## Mobile is not an online service

- Flagship apps are free for all of time...MTG will introduce deployment fees to the market in 2020
- We need to specialize in mobile development and delivery
  - Release strategies are different for mobile solutions...MTG will go to annual versioning
- We need to extend the shelf life of mobile solutions for credit unions
  - A CU mobile program is not a single solution, but can members keep up with all the offerings?

BECAUSE WE'RE PREPARING FOR A NEW DAY, FROM TOP TO BOTTOM

We need to create delivery resources and financial engines to do so

- Deploying to device app stores is a one-at-a-time process...MTG will field a team to do it hundreds of times a year
- We need to address the forward progress of mobile with consumers and credit union strategies (think "mobile first")
  - MTG will signal that our network has passed the tipping point for internet channel design

BECAUSE WE'RE PREPARING FOR A NEW DAY, FROM TOP TO BOTTOM

We need to rethink the Ul for desktop banking and the merger of look-and-feel between desktops, tablets, and mobile phones (eye of the beholder)

- By year-end 2020, MTG will propose a whole new look for It's Me 247 and It's My Biz 247
- We need to reorganize how our desktop banking and mobile teams work together and rethink our frontend programming expertise
  - When it comes to internet channels, MTG's front-end programming leadership will take the helm in 2020

BECAUSE WE'RE PREPARING FOR A NEW DAY, FROM TOP TO BOTTOM

We need to envision the next decade and how we make MTG a powerhouse, not only for credit unions, but also for cuasterisk.com and our CUSO partners

 This time next year, MTG will be in the middle of everything when it comes to internet retailing Send your most engaged players in February:

Meet the MTG team

Meet the 2020 MTG Advisory Board members

It's My Biz 247 Next Steps

- Micro App Updates and the Business Plan Behind Them
- MTG Pricing Model and the Future
- Mobile 4.0 Rollout
- Getting Ready for Mobile 5.0
- Brainstorming with the Advisory Board

The key today is briefing CEOs on why this is important; February is about a deep dive with CU leaders for whom this is a passion

# February 18-19, 2020

4:30-6pm Networking cocktail hour

Wednesday8:30-2pmDeep Dive on MTG

MOBILE TECHNOLOGIES GROUP

# ...to be continued

JOIN US ON THURSDAY MORNING AS WE CONTINUE TALKING ABOUT MTG AND LOOK AT SOME EXCITING TACTICS

- 1. Mobile App 4.0
- 2. Affordable deployment fees
- 3. Mobile App 5.0
- 4. Micro-apps
- 5. Merging under a new UI front-end leadership team
- 6. Web modules and independent navigation
- 7. Tablet designs as the intersection between desktop and mobile phones
- 8. CU Publisher as a self-service copyright
- 9. Are you ready for the new mobile It's Me 247?

10. Envisioning the next "Online '19" project

WHAT CREDIT UNION CEOS SHOULD KNOW ABOUT ....

# **Succession Planning**

It's a network thing – why CU\*Answers stakeholder confidence in the process is critical

# Succession is a process we all should endorse

YOUR INVESTMENT MIGHT COUNT ON IT

> Here's a look at the goals for our board and management team

#### CEO Succession: T-Minus 3, 2, 1

#### Reviewing Project Goals with the Board of Directors

CU\*Answers Board Workshop October 24, 2019 CURACINE BOARD OF DIRECTORS

## 2020 CEO Succession Project

Prepared by Randy Karnes, CEO For the Board workshop on October 24, 2019

Reviewing Project Goals with the Board of Directors

PAGE 1 OF 1

#### BOARD/EC GOAL #1:

Review the comprehensive approach of our firm as to constant succession readiness

This is a marketing imperative for a firm that asks other firms to join us for long-term contracts that could potentially span the careers of our changing leaders and teams

#### BOARD/EC GOAL #2: Review ou<mark>r leadership development</mark> **approaches a**nd our 2020 calendar

Are we focused and are we planning properly for the tasks? We need to be ready for people to challenge our execution and whether our plans are adequate to move the ball forward.

BOARD/EC GOAL #3:

communities expect and with which they align. We work to make those things happen.

BOARD/EC GOAL #8: Review our plan to match leaders with executive opportunities

Do we believe that the new Executive Development Series is a quality effort to help leaders and executives be ready to step up and apply for the CEO position in 2021/2022?

BOARD/EC GOAL #6: Review the **tools** we give our leaders

Are we ready to help develop candidates and interviews though tools such as Experience Resumes, Leadership Study Guide Website, and our Video Archive Website (leaders in action)?

#### am has five Council rey and audit, tributed the plan

de of reports and ond to openings in our ion for planned events.

ompleted ling (EAP) and lignment with

EO push to ensure e goals to execute firm that delivers mated, and is aware

# YOU'RE INVITED TO BE AN ACTIVE PARTICIPANT IN THE PROCESS

- Audit the process as an investor
- Audit and join the process as a volunteer
- Join the process as a candidate
- Consider our process for your own organization

# Can we envision the format for CEO Strategies in 2020? In 2025?

#### PREPARING THIS YEAR WAS TRULY FUN, BECAUSE I CAN SENSE THE OPPORTUNITIES AHEAD

### 2020 is truly a turning point in our network

- It just happens to be our 50<sup>th</sup> anniversary
- It just happens that we are facing a CEO retirement in 36 months
- But the reason this is a turning point is that many of the things we count on most need another round of committed investment
- We are facing retooling our launchpads and readying ourselves for takeoff
  - Our new launchpads must deal with marketplace consolidation and a new calculus for how to sustain our CU community and our CUSO allies
  - Our launchpad must deal with the transition of core competencies required by CUs for the future – and therefore needing to be our CUSO's specialty

# Thanks for the day!

### TOMORROW I'LL BE SWITCHING TO MY LISTENING HAT (PROMISE!)

The CEO Roundtable will start at 9:00 in this room
