CU*ANSWERS

2019 CEO Strategies Mobile App

To enhance your experience at this year's CEO Strategies Conference, the Mobile Technologies Group at CU*Answers has developed an accompanying mobile app. With this app you can view the live schedule of events, view and download digital copies of conference materials, and find things to do around Grand Rapids during your downtime.

Additionally, you can try demos of new technology coming to CU*Answers!

This app was developed custom for this event. If you are interested in learning about custom app development opportunities for your credit union, contact Kristian Daniel at kristian.daniel@cuanswers.com

CEO STRATEGIES
