# Introduction

This document was put together to help credit unions understand the capabilities they have to assess fees to members through CBX. If you are a credit union that is looking for non-interest income strategies, this document may be worthwhile to review to see what opportunities you may or may not have configured, or maybe instead of generating more non-interest income, your credit union needs to review the audience that is subject to that fee (check out your Fee Waiver Configurations). Our goal is to not only document the fees that are available but also inspire credit unions who may be looking for additional opportunity.

Additionally, if your credit union has a fee that is not currently documented here, please reach out to the Earnings Edge team, so we can add the details to our document for all to see.

*Handy tip for finding a fee in this document: Use CTRL + F. Type your fee in the field and use Enter.*

<b>CD Secured Fee</b>	
<b>Tool #</b>	<b>Tool #194 Certificate Products Configuration</b> , then Certificate Type, then check the Allow CD secured loans via online/mobile banking checkbox and use Enter
<b>Description</b>	As an example, your member has a \$10,000 regular CD with four years to go on the term but needs the money now and doesn't want to close out the CD and pay the penalty. This is a great opportunity for a CD secured loan. Once the loan is created, a pledged share record is set up to secure the CD funds as collateral on the loan account.
<b>Tips</b>	<ul style="list-style-type: none"> <li>A processing fee can be charged when the member opens the loan.</li> </ul>

	<ul style="list-style-type: none"> <li>• The fee must come from a savings or checking account. It cannot come from the new loan account.</li> <li>• Your credit union can even elect to not charge an increased interest rate on the loan and simply earn money on these loans with the fees.</li> <li>• If a member does not complete the process to open the loan (for example, fails to complete a required promissory note), a loan application is created and is sent to the loan queue. The processing fee is not charged for this loan application.</li> </ul>
<b>Waivers</b>	<ul style="list-style-type: none"> <li>• n/a</li> </ul>

<b>Cashiers or Official Check Request / Corporate Check Fee</b>	
<b>Tool #</b>	<b>Tool #237 Configure Check Printing Fees</b>
<b>Description</b>	<p>Most checks printed by a credit union are part of normal internal credit union operations—paying bills, issuing loan proceeds, paying large withdrawals to save on cash reserves, etc.</p> <p>However, a member may occasionally request a check be cut from his or her account. In these cases, your credit union may elect to charge a fee for this service to offset the cost of printing and processing the check.</p>
<b>Tips</b>	<ul style="list-style-type: none"> <li>• You can configure fees for printing credit union checks via Teller or Phone Operator as well as via the Auto Check Funds Transfer (CFT) system. You may elect to configure fees for either method, or both, as desired.</li> <li>• You may specify fee amounts, number of “free” items per day or month, and when fees will be waived.</li> </ul>
<b>Waivers</b>	<ul style="list-style-type: none"> <li>• Tiered Services (separate waivers for incoming and outgoing transfers).</li> <li>• Marketing Clubs.</li> </ul>

## Check Cashing Fee (for Members)

<b>Tool #</b>	<b>Tool #188 Cashed Check Fee Configuration</b>
<b>Description</b>	This is an interactive fee, meaning that the fee is charged as a miscellaneous receipt through the teller auditing system.
<b>Tips</b>	<p>There are two options for setting the fee:</p> <ul style="list-style-type: none"><li>• Flat Fee: This option lets you specify a flat fee to be charged regardless of the amount of the checks being cashed. With this configuration, you may also specify the number of “free” items to be granted before the fee takes effect.</li><li>• Percentage of Checks Cashed: With this option, the fee is calculated at the time of the transaction by adding the total amount of checks being cashed and multiplying by a percentage.</li></ul>
<b>Waivers</b>	<ul style="list-style-type: none"><li>• Tiered Services.</li><li>• Marketing Clubs.</li></ul>

## Courtesy Pay Fee (ANR Fee)

<b>Tool #</b>	<b>Tool #558 NSF/OD Transfer Configuration</b> , then Overdraft Protection & NSF configuration
<b>Description</b>	This fee specifies how a member should be charged if they use Courtesy Pay, and they are charged an Automated Non-Return fee.
<b>Tips</b>	<ul style="list-style-type: none"> <li>This fee is configured by Dividend Application.</li> <li>You can set a tolerance amount so that a fee is not charged if the transaction only takes the account a small amount below the available balance.</li> <li>You can also set a fee cap per day so that a member is not charged above a certain amount per day. All fees above that amount are waived.</li> <li>You can charge a different fee by Origin code, for example, to charge a lower fee for debit card transactions.</li> <li>You can charge a fee for transactions larger than a certain amount.</li> </ul>
<b>Waivers</b>	<ul style="list-style-type: none"> <li>Tolerance amounts, fee caps, origin code, and transaction amount greater than requirements (covered above) may result in a fee being automatically waived (if these requirements are met by previous fees).</li> </ul>

<b>Deposit Item Fee</b>	
<b>Tool #</b>	<b>Tool #339 Deposit Item Fee Configuration</b>
<b>Description</b>	Some members may deposit more checks than others. This fee allows your credit union to recoup some costs associated with this check processing.
<b>Tips</b>	<ul style="list-style-type: none"> <li>Configure charges in two different ways: when items are deposited regardless of what type of account the member has or based on dividend application.</li> <li>Use <b>Tool #427 Learn-From-Peer: Deposit Item Fees</b> and select Learn from a Peer to evaluate other credit union deposit item fee programs and configure yours accordingly.</li> <li>Offer different fee amounts, dependent on the number of checks cashed per month, in a plateau rate.</li> </ul>
<b>Waivers</b>	<ul style="list-style-type: none"> <li>Fee-free deposits can be offered in the lowest tier.</li> <li>Low age, high age.</li> <li>Aggregate savings, aggregate loans.</li> <li>Presence of ATM/debit/credit card.</li> <li>Presence of OTB savings/loan account.</li> <li>Manual fee waiver when making the transfer.</li> <li>Marketing Clubs.</li> </ul>

<b>Direct Mail Post Fee</b>	
<b>Tool #</b>	<b>Tool #341 Direct/Mail Member Posting</b>
<b>Description</b>	This feature is used for batch processing of transactions with a single G/L account as the offset, including direct input of RDC transactions. You may post to member savings, checking, tax escrow, and loan accounts.

	(Transactions against certificate accounts are not allowed from this screen.) Each charge can have a separate fee.
<b>Tips</b>	<ul style="list-style-type: none"> <li>It is helpful to use templates for this feature. In this case, you can save a default amount, such as 99 cents, in the fee fields. When you post the actual journal entry, these entries will remind you to clear them and enter your own fee values.</li> </ul>

<b>Dormant Account Fee / Inactive Account Fee</b>	
<b>Tool #</b>	<b>Tool #346 Dormant/Escheat Configuration</b>
<b>Description</b>	Set up your credit union's rules for handling dormant member accounts, including dormancy fees and escheat settings.
<b>Tips</b>	<ul style="list-style-type: none"> <li>You can select whether to charge the fee annually (once every 12 months), monthly (on the last day of the month), or quarterly</li> </ul>

	<p>(once every three months on the last day of March, June, September, and December).</p> <ul style="list-style-type: none"> <li>• If assessing dormancy fees, use Priority (F2) to specify the share accounts from which fees should be drawn.</li> <li>• If you wish to increase or decrease the time periods for either dormancy or escheat, please contact a Client Service Representative to discuss if it will be appropriate to refresh your existing dormancy master file first.</li> <li>• An active <i>exclude from dormancy</i> flag on the individual's master membership record can be used to exclude the membership from being monitored for dormant status or assessed dormancy fees. You can use this with, for example, a co-signer on a loan who has no interest in a membership.</li> </ul>
<b>Waivers</b>	<ul style="list-style-type: none"> <li>• Low age, high age.</li> <li>• Aggregate savings, aggregate loans.</li> <li>• Presence of ATM/debit/credit card.</li> <li>• Presence of OTB savings/loan account.</li> </ul>

<b>Early ACH Posting Fee</b>	
<b>Tool #</b>	<b>Description</b>
<b>Tool #569 Online/Mobile/Text Banking VMS Config</b> , then ACH On Demand Posting Services	<p>Do you have members requesting to post their paycheck to their account a day early?</p> <p>Post pending ACH credit deposits (that are in the ACH warehouse) early by using this on-demand, one-time posting feature. This feature must be requested by an individual member each time they wish to receive their deposit early.</p> <p>Configure your fee and related settings to allow one-time, on-demand posting of pending ACH deposits for members via Phone Operator or by members via mobile or online banking.</p>

	<ul style="list-style-type: none"> <li>• The feature is available for credit ACH transactions only.</li> <li>• The fee amount cannot be taken directly out of the deposit. The fee must be taken from a savings/checking account with available funds. If configured, the fee can be drawn from the base deposit account, regardless of available funds.</li> <li>• NOTE: The member MUST have funds available for the fee in one of their savings/checking accounts prior to posting the transaction unless you have configured the ability to skip available funds verification.</li> </ul> <p><b>Tips</b></p> <ul style="list-style-type: none"> <li>• The ability to skip available funds verification is applicable only if the '<i>Base deposit (seq 99) suffix must have sufficient funds for fee in advance, without the incoming deposit</i>' checkbox is unchecked, and the fee is being drawn from the base deposit account (which must be a savings/checking account).</li> <li>• NOTE: DO NOT CONFUSE this with the feature that allows you to early-post incoming credit transactions for a configured ACH Company, your SEG's payroll for example, through an automatic effective date override.</li> <li>• You can charge sales tax for this fee.</li> </ul>
<b>Waivers</b>	<ul style="list-style-type: none"> <li>• You can configure the fee to allow an employee to waive the fee at the time of the transfer.</li> </ul>

<b>eStatement Fee</b>	
<b>Tool #</b>	<b>Tool #251 Configure eStatements Settings &amp; Fees</b>
<b>Description</b>	<p>Use this fee to set up the statement delivery options and fee information you wish to charge members for each option (eStatement only, eStatement and mailed copy of statement, or eStatement and printed statement for a set number of months).</p> <p>You can offer a bonus or a fee for each option, allowing you to reward or discourage members for their selected statement delivery option.</p>
<b>Tips</b>	<ul style="list-style-type: none"> <li>• If your credit union requires a correct email address, and the member's email address is flagged as invalid, and the member is enrolled in e-Statements, the member will not receive the fee/bonus configured for e-Statements.</li> </ul>

	<ul style="list-style-type: none"> <li>• If the credit union does not require a valid email address, all members will receive the fee/waiver configured for e-Statements, regardless of whether the member's email address is valid or invalid.</li> <li>• NOTE: A member is only charged a fee or rebate when a standard statement is produced. If a member receives a quarterly statement, the member is charged the fee or receives the fee waiver only on the months when their statement is generated.</li> <li>• Monthly credit card statements are not considered by CBX when charging the fee or giving a fee waiver – only standard statements are considered.</li> </ul>

<b>Foreign ATM Withdrawals Fee / Balance Inquiries Fee</b>	
<b>Tool #</b>	<b>Tool #236 Configure ATM Service Charge Groups</b>
<b>Description</b>	Use this fee to charge members for every withdrawal (or balance inquiry) they make via a foreign ATM.
<b>Tips</b>	<ul style="list-style-type: none"> <li>• When ATM and debit cards are created, a default service charge group is assigned, but you may change it to any of the groups configured in this tool.</li> <li>• You can set up different service charge groups to charge different fees to different members; for example, you may offer your employees special accounts with a lower fee.</li> <li>• Your credit union may offer special accounts which provide no-fee ATM usage.</li> <li>• These charge group codes are attached to the dividend application to determine eligibility.</li> <li>• You can elect to include POS, ATM, or both types of transactions.</li> <li>• You can elect whether to include PIN-less PIN transactions.</li> <li>• You can charge per transaction (which is by transaction type) or have a combined usage fee based on all transaction types.</li> <li>• You can define the number of free uses per month.</li> </ul>

<b>Waivers</b>	<ul style="list-style-type: none"> <li>• Tiered Services and Marketing Clubs, but they can sometimes conflict. <ul style="list-style-type: none"> <li>◦ For this reason, you can assign a member a permanent service charge group, that will not be changed by Tiered Service scoring, via their ATM card record by using codes 90-99.</li> </ul> </li> <li>• You can elect to give a certain number of free uses per month (either per transaction or combined usage). <b>Tool #</b>	<b>Tool #146 ATM/Dbt/Crdt: BIN Config Inquiry</b> (Maintenance: OPER <b>Tool #5412 EFT: BIN Configuration</b> )
<b>Description</b>	This fee is charged for currency conversion and is charged by BIN.
<b>Tips</b>	<ul style="list-style-type: none"> <li>• The CU*Answers Cards &amp; Payments team can sit down with you to ensure this fee meets your expectations.</li> <li>• Separate fees can be configured for signature- and PIN-based transactions. Use the <i>ISA Fee% with no conversion</i> and <i>ISA Fee% with conversion</i> fields within the BIN configuration to set these fees.</li> <li>• For PIN-based transactions, the default entry is .80% per Visa / MC mandate. Credit Unions can choose to charge a higher percentage, but a disclosure to the member is required. 'No conversion' means the transaction amount is already in US Dollars. The percentage is applied to the transaction amount.</li> </ul>

<b>Overdraft Protection Fee</b>	
<b>Tool #</b>	<b>Tool #558 NSF/OD Transfer Configuration</b> , then Overdraft Protection & NSF Configuration
<b>Description</b>	This fee is charged when overdraft protection is used to cover a withdrawal. This fee is configured for each of your deposit products.
<b>Tips</b>	<ul style="list-style-type: none"> <li>• With all the buzz in the news surrounding the Consumer Financial Protection Bureau (CFPB) and their thoughts on “junk” fees, this is a fee that many credit unions have chosen to remove from their fee schedule.</li> <li>• Overdraft protection (ODP) must be able to bring the account to a positive balance for the transfer to occur. If the available funds from the member’s ODP account(s) isn’t enough to cover the item and bring the account positive, then no transfers will occur, and the item will either be treated as NSF or subject to your ANR (Courtesy Pay) settings.</li> <li>• You can do a fee by increment or an exact amount.</li> </ul>
