

Get *individual* logins for the online campus and take charge of your staff's training at no additional charge!

## Education Is Priceless

And so are many of the tools available in the CU\*Answers University online campus. **At no additional charge, you get a wealth of resources with individual logins!**

**You get what you currently have with your consolidated login:**

- 25 CU\*BASE courses
- 14 soft-skills and credit union-specific courses
- 17 compliance courses

**Plus you get extra tools to track employee progress!**

- Reporting tools to provide regulators proof of staff training in areas such as compliance
- Individual development plans for each employee
- Tracking tools to track individual employee knowledge

## To Request Individual Logins for Your Staff

Email CU\*Answers University staff at [education@cuanswers.com](mailto:education@cuanswers.com).

Once individual logins are set up, CU Training Inc. will contact you to provide **free training**.

Compliance is a breeze with individual logins as you'll be able to provide regulators proof of staff training.

With individual logins, you'll be able to quickly measure each employee's knowledge level to help you **ensure members receive correct and consistent information.**

With member relationships becoming increasingly advisory, having knowledgeable staff is essential. Individual logins will assist you in that area by giving you access to **detailed training plans and efficient measurement and reporting tools.**
