Innovation in Vegas: A Quarterly Update

November 2026 Edition

What's the Latest in Vegas?

Happy holidays from all of us at the Innovation Center! As the end of the year approaches, we hope you are able to enjoy plenty of quality time with friends and family.

We'd like to give you a heads-up on two events that will be hosted here in Las Vegas in early 2027! First, we are excited to announce the 2027 CUSO Technology User Group – this credit-union peer group presents the opportunity to improve your craft through shared experience and collaboration on technical matters. We're looking forward to facilitating this collaborative event on February 9th! This event is limited to 20 attendees, so if you are interested in joining, please visit the CU*Answers website to secure your spot today.

Next, the Network Services Boot Camp is going on the road! The latest Boot Camp session will be hosted at the Innovation Center on February 10th and 11th. If you have IT staff who would like to gain greater insight into CBX architecture, security, administration and reporting tools, encourage them to check out the CU*Answers website for more details. Network Services Boot Camp is limited to 25 participants, so be sure to sign up soon!

Please note that while there is no cost to attend either event, you must register for each separately. **We'd love to have you join us – whether you plan to attend one event or the other, or both!**

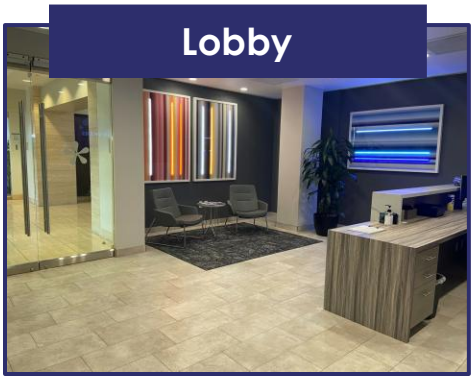

Let Us Host Your Next Event!

The Innovation Center is FREE to book for any event you'd like to host; all that we require is advance notice of your plans. Your organization will be responsible for hotel and travel accommodations, as well as any outside meals/catering options.

Want a closer look at our facilities? A video tour is available online at https://wecanbeyourwildcard.com/reservations/. Like what you see? You can also use this link to submit a reservation request!
