HONOR
CREDIT UNION

**Important Information
About Your Account**

What to expect on July 1, 2012

On July 1, 2012 we will be combining our Allegis Members and Honor Members onto one system. The following information details how this will affect your account. **Please keep this information for reference.**

Your Account Number

Your account number will convert to an eight-digit number beginning with 2. This means you will add a "2" and then enough zeros to your existing account number to create an eight-digit number. For example, if your account number was 12345, it would become 20012345.

Your Debit and Credit Card

Your current Allegis **Visa card** will continue to work until a new card is reissued, a process we expect to be completed before the end of 2012. If your card is approaching its expiration date, you will be reissued an Honor Credit Union Visa Credit Card.

Your current Allegis **Debit card** will also continue to work until a new card is reissued, a process we expect to be completed by late 2013. If your card is approaching its expiration date, you will be reissued an Honor Credit Union Debit card.

Your Loans

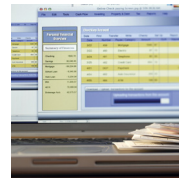

Rest assured that the rates and terms of any loans that were originally opened with Allegis will not be affected.

Your Checking Account

The new routing number will be 272484852. You may continue to use your supply of Allegis checks through the end of 2012; however we encourage you to replace your Allegis checks with Honor checks. After July 1, please bring in your

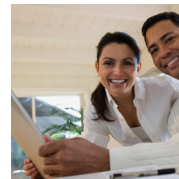

old checks and we'll order you a new box of Honor checks free of charge.

Your Direct Deposit and Automatic Payments

Starting on July 1st, your routing number and account number need to be updated for all electronic transactions attached to your savings or checking accounts. If you receive a new debit and/or credit card,

the card number will need to be updated for any automatic payments you have set up.

Your Online Banking

Your Online Banking username and password will not change. Simply visit www.honorcu.com and select "It's Me 247" to log into your account as you normally would.

Important Dates

■ June 30, 2012

All Offices Will Be Closed

Online banking and Call24 will also be unavailable. Please make your transactions prior to that day, or visit one of our surcharge-free ATMs or local shared branch locations.

■ July 1, 2012

Account Changes Take Effect

Checklist

As we combine our systems, here are some things to remember:

Replace your checks

Bring in your Allegis checks between July 1 and October 1 and we will order you a new box at no charge.

Update any automatic payments

Your routing number, account number and card numbers will be changing.

Please keep this mailing for reference.

If you have any questions please call us at 800.442.2800.
