

Save the Date: Monday, July 1, 2013

Our final step in transitioning to Pathways Financial Credit Union is the conversion of our data processing system, which will give our members access to additional branches and more products and services. It is important to note that this conversion also includes our existing online banking and telephone banking systems.

We anticipate that CU Online Banking will be down beginning **Friday, June 28 at noon**. Once the conversion is complete, members will have access to our NEW and IMPROVED online banking system known as It'sMe247 and telephone banking system known as CU*Talk starting Monday, July 1 at 9:00 a.m.

Please be advised that your funds remain easily accessible via our network of surcharge-free ATM machines and Point-Of-Sale debit card transactions.

Check Your Mail for Important Information

As a result of converting our data processing system, our system will identify your existing WECU accounts with new suffixes and/or account codes when you log into our new online banking or telephone banking systems.

We have put together this handy conversion guide to help you navigate these systems using your new account information. Please refer to the following chart for your specific account changes:

Your login information for both systems will be sent via mail to you the week of June 17 and you should have it in-hand by the time this conversion takes place. Be sure to keep checking your mail for up-to-date information regarding our conversion!
