WHAT CEOS NEED TO KNOW ABOUT

The 2021 Rollout of New Teller Platforms

Introduction

WHY DOES THE TELLER 3P INITIATIVE POSITION OUR CUSO
WELL FOR THE NEXT DECADE?

- The role of lobbies and teller lines is changing
- **Your having a strategy is a mandate** for your
2021/2022 game plan

How are you approaching this
challenge?

A reasonable transformation might be the best approach

HOW AND WHEN ARE YOU APPROACHING THIS STRATEGIC CHALLENGE?

Do you understand the value of our Teller 3P approach?

- How could you highlight the concepts in your 2021 and 2022 business plans?
 - The foundation of the lobby teller line
 - The next generation of lobby teller line services and user experiences
 - The automation solution and the selling points for added convenience and models to grow member acceptance of new ways to deliver old value

Where are we today?

- We're inventorying the services we wish to sell across teller lines and the cost of that menu
 - T1 / Standard Teller
- We are forcing ourselves to consider a smaller, lighter menu of services to be presented to future members
 - T2 / Xpress Teller
- We're dreaming and prototyping radical new solutions and investments to support even further transformation
 - T3 / Integrations

The ultimate transition is that the computer replaces all of the CU's order-takers as a centralized response to member demands

T2: Xpress Teller

Coming in 2021 for T2: Xpress Teller

21.05

■ Xpress Teller

- CU-defined marketing images
- Embedded photo IDs
- New search engine
- New teller posting engine

■ New search in Member Inquiry

■ Vertical receipts

- This is a project for you, too!
(more on this in a moment)

21.10

- Our response to what worked...and to whatever needs a little more work
- Integrating the search engine into all current Global Search locations

Our greatest fear was that our credit unions' resistance to change (and ours) would ultimately lead us right back to where we started

Xpress Teller

**It's a TELLER system:
cash, checks, and
working with the
member's money**

- Shorter learning curve
- Simpler step-by-step process
- Don't need to be a guru
- Mouse-driven

Xpress Teller

Functionality is highly configurable

- New set of Xpress Teller Workflow Controls
- Settings are by branch

Xpress Teller

**We're building new engines
we can integrate into other
CU*BASE tools**

- Search
- Integrated CU marketing images
- Checks/money orders
- Showing archived images on the screen
- Vertical receipts

Side note...Xpress Teller will come in all three sizes!

Good news! Your monitor size appears to support the larger screens now being added throughout CU*BASE GOLD.

Change your CU*BASE Preferences settings, or use on-demand sizing on select dashboard screens.

More screens are being released all the time, so give it a try today!

Tip: Results will be different if you have magnification set to anything higher than 100%. (In Windows 10, right-click the desktop and choose Display settings, then look at the "Scale and layout" setting.)

Making the switch to vertical receipts

- Vertical receipts are used by Xpress Teller, but **you do not have to use Xpress Teller to get vertical receipts**

Making the switch to vertical receipts

It's all or nothing:

- ALL your employees, ALL your branches, ALL your receipt printers
- Affects receipts from T1 & T2 teller systems and all other places that produce receipts

Making the switch to vertical receipts

**This is a PROJECT...for you,
and for us!**

- Can't just flip a switch, must be coordinated
- Requires off-hours config work by our team and yours
- Someone at your team will need to be available at your office to help test

Your Vertical Receipts TO DO List

**For your IT team to do
NOW:**

- Upgrade from Carswell thermal printers
- Review your workstation receipt settings (Tool #326)

Your Vertical Receipts TO DO List

Starting after Dec. 1:

- Visit our store and search for “vertical receipts”

Your Vertical Receipts TO DO List

Starting in April:

- We'll start making calls starting after April 1
- You'll be given a date on our conversion calendar

Your Vertical Receipts TO DO List

Your conversion:

- Will be scheduled after hours or on a weekend
- Someone from your team will need to be at your site to help

Xpress Teller Rollout Plan

RALLY YOUR TEAMS!

10 decisions to make now for a smooth transition next year

1. **Your teller services strategy:** What features will you offer at the teller line? What services can your tellers perform? How will a handoff from Xpress Teller to an MSR work?
2. **Your teller tool strategy:** Who will use T2? Who will use T1? Who will use both?
3. **Your receipts strategy:** When will you switch to vertical receipts?
4. **Your workflow rules strategy:** Who will decide what your workflow controls will be?
5. **Your photo ID images strategy:** Are you going to display photo IDs? Do you have the bandwidth? Are your images in shape? Do your tellers need a refresh of good ID scanning technique?

10 decisions to make now for a smooth transition next year

6. **Your internal marketing strategy:** Will you use Xpress Teller marketing images? How will you coach tellers on what you want them to say?
7. **Your hardware strategy:** Will tellers need larger monitors so they can use the larger screen sizes?
8. **Your staff training strategy:** Who will head up your internal training efforts to get tellers ready for the changes?
9. **Your verification strategy:** Who will take the lead in monitoring T1 & T2 teller activity and helping us verify the new system in the field?
10. **Your engagement strategy:** Will your CU champion T2 and help us evolve it? Who will be your internal champions and cheerleaders?

T3: Teller Integrations

JOINING ME IN THE STUDIO IS JOHN BEAUCHAMP

Coming in 2021 for T3: Integrations

21.05 release:

- Our early response to ITM vendors emerging early from COVID

21.10 release:

- A follow-up for the ITM vendors trying to catch up with our buying market

T3 is all about rallying champions and vendor solutions

- Phase 1: It's really coming, it's really coming...hang in there!
- Phase 2: Selling what's in the laboratory and committed to by vendors
- Phase 3: Look who showed up...time to hook it up!

Thank you!
