CU*BASE Uploads (PC to CU*BASE)

iShield Security Access Request

This form must be used to request access for an employee to transfer (upload) data from a local workstation into CU*BASE. Per the <u>CU*Answers Client Support Security Policy</u>, a special software tool restricts which users can upload data to CU*BASE. Access can be requested only by an authorized Credit Union Security Officer. This restriction is intended to protect the credit union against potential fraud from employees attempting to gain unauthorized access to member data. **Submit one form per employee, please.**

Authority Change for Credit Union Employee								
CU Employee Name	CU*BASE User (Login) ID							
This employee: Does not currently have any upload access. INSTRUCTIONS: Use the ADD section below to check only the permissions this employee actually needs. Already has some upload access. INSTRUCTIONS: Use the sections below to check the things you want to change, either add or remove, not the items to which the employee already has access.								
Upload Authority								
ADD Authority								
Grant this employee new access privileges to pull data from a local worksta (DO NOT check the box if the employee already has access to a particular to a pa	ation into the following CU*BASE table(s):							
REMOVE Authority Revoke this employee's existing access privileges to upload data into these table(s): ☐ FinCEN tables in QUERYxx (FCPERSON & FCBUSINESS)								
\square General ledger/budget import table in QUERYxx (GLIMPORT)								
☐ Direct/mail processing import table in QUERYxx (DMPIMPORT)								
New membership apps in QUERYxx (MBRIMPORT)								
☐ Specific table name(s) in QUERYxx:								
Credit Union Authorization								
→IMPORTANT NOTE: This form <u>must</u> be signed by an authorized credit u available, we cannot guarantee that download authority will be granted, ever Our policy requires that in order to protect credit union data we will follow us additional authentication from the credit union.	en if the form is signed by a credit union CEO.							
 I understand provisions must be made to ensure that only authorized, a database, and that any errors introduced into CU*BASE tables as a resumy credit union. I understand it is my credit union's responsibility to monitor the daily Luploads, and the monthly LSECAUDITM report showing who has upload 	ult of these uploads is the sole responsibility of SECAUDIT report showing who performed
