

CU*Answers Imaging Solutions NEW Enhanced Online Vault!

Imaging Solutions Online Vaults

Online Vaults are a popular solution for CU*Answers credit unions. With an Online Imaging strategy you will not have to worry about server maintenance, patches, or upgrades. You never have to think about the physical security of your server, security concerns over electronic threats, software application upgrades or daily monitoring of your system log files.

The new Enhanced Online Vault will allow for capture of AP (Accounts Payable) Invoices along with the ability to capture any document to support a loan and the capture of miscellaneous membership forms.

Benefits of the Enhanced Online Vaults

1. Includes AP Invoice capture
2. Capture any document necessary to support a loan (NADA, CARFAX, etc.)
3. Capture any membership document including miscellaneous membership forms
4. *ProDOC Printer which allows printing a document to ProDOC for capture

What does it cost?

\$250 setup fee

- If CU is already using AP invoices then it's only \$100

\$50/misc. membership form setup fee (optional)

Additional monthly fees

- \$100/mth for credit unions with 1-3000 members
