A TECHNOLOGY DEPARTMENT MANAGEMENT PEER GROUP FOR CREDIT UNIONS

By design, the CUSO Technology User Group (CUSO TUG) is the place where credit union IT Department Managers can meet with peers to discuss new technologies, as well as challenges they are facing when determining the best solution or implementation path to meet their goals and objectives.

CUSO TUG is a free resource facilitated by CU*Answers and a true peer to peer workgroup. With in-person meetings scheduled each spring, participants are encouraged to keep in touch throughout the year through virtual channels to keep the initiative going strong.

CUSO TECHNOLOGY USER GROUP TOPICS OF DISCUSSION INCLUDE:

Professional Services Provided Include:

• Strategic Technology Planning
• Network management tools and concepts
• IT Audit and Compliance
• Cybersecurity
• Emerging technologies
• Staff and Leadership Development

Visit our web site to learn how you can join the CUSO Technology User Group.
