CNS IS A FULL-SERVICE NETWORK TECHNOLOGY SOLUTIONS PROVIDER

CU*Answers Network Services (CNS) is a full-service network technology solutions service provider for credit unions and CUSOs. The products and services provided range from general core processing support to monitoring and management of IT devices and systems across the credit union network. Scalable solutions are offered for every environment, from on-premises to full or partial public/private cloud strategies.

CNS is your one-stop-shop for hardware and software planning, purchasing, installation, and support. Our Complete Care Program includes all elements of an integrated network designed for productivity, security, and affordability.

AFFORDABLE SOLUTIONS FOR CREDIT UNIONS LARGE AND SMALL

Our Complete Care Program Includes:

- Server and Workstation Management
- User Administration
- Asset Management
- Firewall Management and Reporting
- Event Monitoring
- System Patch Management
- Remote Monitoring and Management Support
- Data Backup and Restoration
- Cloud Services
