# MoneyDesktop MX

**MoneyDesktop (MX)** is now an option that can be added to your CU\*Answers mobile app as a single sign-on solution. Once members create an account with MX, they can use MX to access information on their accounts with different financial institutions – in a dashboard built right into the mobile app. They can manage their accounts and view balance information and previous transactions, review trends in spending, create a budget, manage their debts and much more.

**Come See Us at the Leadership Conference!**  
The **MX** integration within the CU\*Answers mobile app will be **free for the first 10 credit unions after the leadership conference**, after 10 credit unions have launched there will be a \$400 setup fee.

## Pricing

Setup Fee: **\$400**

Monthly Maintenance: **N/A**
