

## Protect Against Fraud with PayWatch!

PayWatch is an optional service offered to your credit union from Payveris, CU\*Answers' newest bill pay partner!

### Mitigate Your Credit Unions Fraud Risk:

Fraud and scam activities are escalating. These can happen to anyone, anywhere at anytime and often start with electronic payments. Help protect your members' fraud risk with Payveris' PayWatch service!

### A Few Benefits PayWatch Offers:

- Fully designed and supported by Payveris (*not a separate 3rd party bolt-on*).
- Performed by your staff using the PASS administrative support tool.
- Fraud transaction auditing is run hourly with alerts immediately available for staff to review and decision accordingly.
- Online alerts included for staff to easily monitor and flag today's and previous day alerts.
- PayWatch works across supported Payveris products, including electronic Bill Pay, Checks and P2P. All electronic payees are OFAC scanned.

### What's the Cost?

No set-up fees... your credit union is only charged **\$0.02** (2 cents) per bill pay transaction for PayWatch!

Represents a minimal 3.36% increase in your bill pay transaction fee.

All online reporting, decisioning and historical transaction research tools included - *no separate fee!*

Learn more about the benefits of using PayWatch by visiting our website at [www.cuanswers.com](http://www.cuanswers.com)

\*Best practice procedures often recommend a fraud protection tool like PayWatch. Although optional, CU\*Answers encourages every bill pay client to carefully review their own level of risk tolerance when considering this service.
